

# Memorandum of Understanding

between

Hsu Plastic Surgery,  
Beverly Hills, California,  
United States of America

and

Bogomolets National Medical University,  
Kyiv, Ukraine

The Bogomolets National Medical University and the wishing to extend and further develop the academic links between their Institutions agree to the following provisions:

## Areas of Cooperation

Both parties declare their intention to co-operate in the fields of scientific research and academic activity with the intention of fostering and developing mutually beneficial relations between their institutions at postgraduate and at undergraduate level.

Both parties will seek to promote postgraduate and undergraduate student mobility by encouraging their students to participate in scholarship programmes, academic courses, summer schools and other relevant activities and programmes.

## Method

Subject to the approval of the Rector of The Bogomolets National Medical University and by mutual agreement of both parties, activities carried out under this Agreement will include the following forms of cooperation:

1. sharing experience, exchanging academic and other information and, where appropriate, arranging mutual visits and exchanges;
2. facilitating academic staff participation in conferences and symposia organized by either or both institutions;
3. encouraging the development of joint research projects within the internationally recognized academic protocol, practices and confidentiality of such work and recognition of intellectual ownership and property rights;
